EXPERIENCE

Portfolio Website

Gorakhpur, Uttar Pradesh, India

Personal Web Development Project

July 2026 - Present

- Designed and developed a modern, fully responsive personal portfolio website using HTML, CSS, JavaScript, and React.js.
- Showcased projects, certifications, technical skills, and professional profiles with a clean and user-friendly interface.
- Deployed the website on Netlify, connected the custom domain oyeesatyam.in, and optimized performance, responsiveness, and SEO.

PROJECTS

Axon AI-AI Assistant

Aug 2026 - Present

- Developed an AI-powered assistant using HTML, CSS, JavaScript, React.js, and Firebase to automate user interactions.
- Built with React.js, Firebase, JavaScript, HTML, CSS, Git, and GitHub following modern web development practices.
- Improved user experience with a responsive interface, AI-powered features, and optimized application performance.

Personal Portfolio Website

July 2026 - Present

- Designed and developed a fully responsive personal portfolio website using HTML, CSS, JavaScript, and React.js
- Showcased projects, certifications, technical skills, and professional profiles with a modern user interface.

ACHIEVEMENTS

- Designed and deployed modern, responsive web applications following industry best practices.
- Built AI-integrated web solutions using React.js, JavaScript, Firebase, and modern frontend technologies.
- Demonstrated strong problem-solving, continuous learning, and software development skills through real-world projects.
